

Invoice management made easy

Want to operate your business more efficiently? FedEx Billing Online can help you do just that. Your invoices are delivered electronically and accessible 24/7. **Now, that's easy.**

FedEx Billing Online is a convenient electronic tool that streamlines and simplifies the invoice management process.

How it works for you

It's an efficient virtual-office assistant that is available 24/7 to help you perform invoice-related tasks quickly and conveniently in a secure, password-protected environment.

How it helps you

Faster visibility. You can get an up-to-date view all of your open FedEx Express® and FedEx Ground® invoices, as well as visibility to closed invoices for 180 days after the payment date.

Greater control. You can search, download, print and save invoices in a variety of formats, create customized reports and integrate invoice data with your accounts payable system. And, that's just the beginning. You can also pay open invoices with a credit card, dispute shipment charges and request adjustments right from your desktop.

Smaller Footprint. By going paperless, you can reduce your carbon footprint.
